### PARTNERS IN DETAIL

#### DIRECTOR

Christian Denzer is the managing director of CoverMyAss and has been known in the industry for over 10 years as a specialist in commercial insurance. It has bugged him that insurance companies are barely reachable after 4pm and quotes are rarely sent out immediately. Moreover, to this day he prefers to insure what others don't want to insure.

The global insurance group for film, the Circles Group from Luxembourg, covers all damages and supports CoverMyAss in making its service and rates extremely competitive. Where German insurance companies reach their limits, Circles Group does not afford a „no-show“. CoverMyAss leverages its international network and can facilitate additional capacity and sums insured for large productions.

#### SECURITY

#### CREATIVES

MEurance develops individual and customer-oriented insurance solutions for clients in the multimedia sector in order to cover as many risks as possible in one package.

MGDenzer is a high-profile insurance broker and supports CoverMyAss in handling administrative and claims processes. The team is based in Pforzheim near Stuttgart and has more than 30 years of experience in German and English customer service.

It supports CoverMyAss in determining needs and provides the faces behind the platform.
